Dear Ms./Mr. \_\_\_\_\_,

We would like to invite you to join us for the Huawei Analyst Summit 2024, which will be held from April 17 to 19 in Shenzhen, China.

The theme of this year's summit is "Thrive with Intelligence". Huawei launched its AI Strategy back in 2018. We've made considerable progress since then, further refining our goals with the All Intelligence Strategy in 2023.

At this year's event, we will unpack major trends, what Huawei is working on, and the goals we hope to achieve along the way. We will share:

- How our All Intelligence Strategy and AI technology are driving change across Huawei's business domains
- New innovations in intelligent products and solutions
- Real-world AI applications across a wide range of industries
- How AI is helping our customers, partners, and communities around the world create greater value

HAS 2024 will be a great opportunity to connect, share, and inspire. I look forward to seeing you there!

Sincerely,

Eric Xu

Rotating Chairman, Huawei
